

# Module 5: VIOLET FLAME

## THE VIOLET FLAME: PURIFICATION

### INVOKE. VISUALIZE. FOCUS.

**INVOKE: "I AM the Violet Flame."** Say this as well as the invocation below several times a day. Feel yourself embody the purifying energy. Call it forward and let it radiate through you.

**VISUALIZE:** Visualize the Violet Flame as a pillar of violet light surrounding you and extending above, below, and all around you. Feel it coming from your crown, heart, and feet, expanding and growing with ease and grace.

Imagine the Violet Flame expanding to fill up your home, community, and into the world. Envision the entire planet through a filter of protected and healing Violet Fire.

**FOCUS:** Activate your Crystal Palace with your Tuning Forks. From this place invoke the Violet Flame to expand and maintain itself. See the Center of your Head - your creative power zone - amplifying the Violet Flame's power to transmute, heal, and recalibrate. Focus on a part of your body or area of your life that needs transmutation. Do this for yourself and another.

***"I now invoke the Violet Flame to flow through my Crown Chakra into my Heart and into every cell of my mental, physical, emotional, spiritual and physical body."***
